

Biscay's Classic Chevy

Quality restoration parts at the lowest prices!

Our purchasing philosophy: We buy in volume to get the lowest prices so we can pass the savings on to you. Keeping a large inventory on hand means you get the parts you need right away with the very best customer service.

Parts: We specialize in 1964-72 Chevelle and El Camino, 1967-73 Camaro, 1962-74 Nova, and 1967-69 Firebird cars. Other year or other model parts are kept in stock or can be ordered.

We have many parts not listed in the catalog – please ask if you want something you don't see here. We get our products from Ted Williams, Sherman, Goodmark, OER, PUI Interiors, American Cushion, American Auto Wiring, Inline Tube, Trim Parts, Dynacorn, Metro Super Soft Seals and other quality suppliers.

Retail showroom: Stop by our showroom to check out all the many items available these days. Swap stories of your classic car or the one you used to own that you sold years ago, which is now worth a fortune (we know all about the ones that “got away”).

We are open 6 days a week in order to serve your restoration needs. With deliveries from UPS, FedEx, and truck freight arriving daily we seldom run out of the parts you need.

Shipping: Daily, we ship your orders through FedEx or by truck freight for larger items like fenders, hoods, and quarter panels. Speaking of shipping, we suggest you compare shipping charges from Biscay's against shipping and “handling” charges from other companies. We ship your order quickly! With us, you come first.

Thanks for allowing us to serve you since 1988.

Prices, Ordering and Shipping Policy

Prices are subject to change at any time, although we always try to have the LOWEST PRICES possible.

Shipping is by FedEx or, for larger items, commercial freight carrier. Please give complete name, street address, zip code and phone number. These shippers can't deliver to a post office box number.

Damaged Shipments: All claims for damaged parts should be directed to the shipper (FedEx or freight company) within 24 hours. The shipper will issue a claim and the merchandise will be replaced pursuant to company policy. Biscay's is not responsible for damaged shipments when the damage occurs after the parts leave Biscay's.

Guarantee: All parts are guaranteed against defects in workmanship and materials for 30 days from the date received. If you are unsatisfied with a part and would like an exchange, refund, or credit, please do so within 30 days. Returns are not accepted after 30 days. This excludes any printed items (manuals, literature, decals) and large sheet metal (fenders, hoods, quarter panels) which are non-returnable.

Disclaimer: Biscay's Classic Chevy will not be responsible for any damage or loss caused by delays, failures, or any other consequential damage arising from any cause whatsoever, nor for the labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Biscay's shall not be liable for personal or mechanical damage caused by the use or misuse of products.

Shortage Claims: If your parts order is missing an item, please notify us within 3 days upon receipt of shipment. Check your order as soon as you receive it, even if you are not ready to install the parts. All orders Biscay's sends out are double-checked to make sure the order is complete. Back-ordered items will be shipped as soon as received.

Check or Credit Card Policy

Company or personal check is accepted. There will be a \$20.00 fee assessed for checks that are returned by the bank (due to insufficient funds or a closed account). Additionally, you are liable for all fees and costs associated with recovery of money due this company, whether payment was submitted in the form of a check or charge.

We reluctantly added this section after numerous problems with checks and credit cards. We still accept personal checks in our effort to serve our customers who are, by and large, honest people.

Visit the Showroom: Map and Directions

Stop by Biscay's Classic Chevy showroom to check out the huge inventory on hand. The Biscay's team is available to swap classic car stories and answer your technical questions. Pin a photo of your car project to our bulletin board, too!
